## Oral Health

### **General Overview**

-Many clients reporting no dental provider or reporting that they haven't seen one in years -Focus in our TGA to improve oral health measure Started by having all MCMs submit client lists that detailed whether clients were receiving oral health care and where they were the services

#### 2023-2024

#### First

Focusing on clients who are engaged in care at HGLHC • 30 confirmed clients so far

#### Second

- **Ensured documentation for**
- those clients is up to date for
- eligibility/referral and will be
- ensuring all service data
- sharing is in place

### Process

#### Step 1

### Step 2

#### Meet weekly with HGLHC

MCMs to be trained on how to further engage clients regarding oral health care • Training scheduled for 10/24

#### Step 3

Focusing on clients who have not engaged in their oral health care utilizing techniques learned in the training

# **Outside Oral Health**
